

Kids' Trek Top 10 List

Every child will create his or her own favorite list, but here are some suggestions.

- **Slide** through a dark tunnel or down twin chutes that look and feel like granite
- **Climb** up and down cargo-style nets
- **Crawl** through a net tunnel into a huge hollow tree where more climbing nets await
- **Splash** in the 100-foot-long stream
- **Explore** a giant root wad, then take a breather inside the small “cave”
- **Balance** on logs, rocks and an Eagles’ Nest
- **Build** your imagination at the nature construction zone
- **Identify** the animal tracks embedded in the paths
- **Investigate** a variety of natural treasures with an Education staff member
- **Count** the rings in the “tree slice” at the Kids’ Trek entrance
